**At the Design Forefront
Dinnerware to enhance and inspire**

Modern and contemporary features

Original and innovative silhouettes

Classic, timeless and enduring elements

Sophistically elegant and sleek designs

An explosion of brilliant colors that dazzles

Sensual textures and shapes that invite touch

Handmade for calculated irregularity

Created for artistic food display

Crafted to be multifunctional and versatile

Produced for the highest quality and durability

We gathered gems from the sea to bring you "PEARLS" for your side dishes, condiments, special sauces and butters, flat breads and bread sticks, and tasting dishes - infinite possibilities! Each piece is hand fashioned in magnesium reinforced porcelain to perfect imperfection with smooth and hand crafted textures - all multifunctional !

Introducing, "POND" - a complete series in the finest Bone China - classic coupe plates - round, square, rectangular and ovals, stylized cup and saucer, creamer, teapot, and stackable cups and saucers. Refined rolled edge adds strength for full service banquets and catering. Use alone or together with the Ripples, Pearls or Out of the Woods porcelain series to create appealing accents.

We foraged in the forests and came "OUT OF THE WOODS"
with treasures for your creative cuisine -
platters, side dishes and bowls in weathered and chiseled wood.
Tactile slate textured presentation plates.

We dove in the water
sending "RIPPLES"
to your tables -
versatile bowls, plates,
side dishes,
sensuous cups and saucers
in undulating forms.

IZABEL LAM[®]

A Division of 10 Strawberry Street

IZABEL LAM was the first to bring flowing forms and organic elements to cutlery and dinnerware, heralding a trend that has swept the hospitality industry, one which today becomes the staples that chefs prefer in their presentation of imaginative cuisine. She infused her creativity in texture, shape, form and color to an otherwise traditional arena. She then turned her ingenuity to porcelain dinnerware to compliment her glass, adding another dimension and contrast to the tablescape in the dining experience.
