

Flowing Forms

IZABEL LAM *is an avid scuba diver.*
The emphasis of her design is on form,
shape, texture,
movement and color -
reflecting the surprising and dramatic influence
of the undersea world.
Flowing forms of corals, brilliant colors
of tropical fishes and undulating sandbars
are transformed into objects of glass,
porcelain and metal.

Each piece is proportioned perfectly
to embody what a chef creates
in a dramatic presentation
offering the diner
the ultimate a dining experience
of sight, touch and taste.
